REQUEST FOR QUALIFICATIONS FOR
DESIGN-BUILD SERVICES
MD ANDERSON CANCER CENTER
Pressler Street Garage 2
MD Anderson Project No. FPDC-190146

SECTION 1 – GENERAL INFORMATION & REQUIREMENTS

- 1.1 **GENERAL INFORMATION:** The University of Texas MD Anderson Cancer Center (“Owner”) is soliciting statements of qualifications (“Qualifications”) for selection of a Design/Build Contractor to provide design-build services for MD Anderson Project No. FPDC-190146, Pressler Street Garage 2 (“Project”), in accordance with the terms, conditions, and requirements set forth in this Request for Qualifications (“RFQ”).
- 1.1.1 This RFQ is the first step in what may be up to a three-step process for selecting a Design/Build Contractor for the Project as provided by Texas Education Code §51.780(f), and provides the information necessary to prepare and submit Qualifications for consideration and initial ranking by Owner. Based on the initial ranking, Owner may select up to five (5) of the top-ranked respondents to this RFQ to participate in the second step of the process, Request for Proposals.
- 1.1.2 In the second step of the process, Request for Proposals (“RFP”), the top-ranked respondents to this RFQ, as identified in section 1.1.1, will be required to submit additional information to Owner, including fee proposals and proposed limitations on general conditions costs (“Proposals”). Owner will rank the Proposals in the order that they provide the “best value” for Owner based on the published selection criteria and on the ranking evaluations.
- 1.1.3 In the optional third step of the process, Interviews, each top ranked respondent may be required to attend an interview with Owner to confirm its Proposal and answer additional questions. Owner will then rank the remaining top-ranked respondents in order to identify the “best value” offer.
- 1.2 **PUBLIC INFORMATION:** All information, documentation, and other materials submitted in response to this solicitation are considered non-confidential and/or non-proprietary and are subject to public disclosure under the Texas Public Information Act (*Texas Government Code*, Chapter 552.001, *et seq.*) after the agreement is executed.
- 1.2.1 Owner strictly complies with all statutes, court decisions, and opinions of the Texas Attorney General with respect to disclosure of RFQ and RFP information.
- 1.3 **FORM OF AGREEMENT:** Any agreement resulting from this solicitation will be in the form of Owner’s standard *Agreement Between Owner and Design/Build Contractor* (“Owner’s Standard Agreement”), a copy of which is attached hereto.
- 1.3.1 Time is of the essence for this Project. Any request to modify any terms or conditions of Owner’s Standard Agreement or any of its attachments, riders and exhibits will be taken into consideration before awarding an Agreement to any respondent.
- 1.3.2 In anticipation of the second step, Request for Proposals, see Section 1.1.2, Respondent should carefully review the attached Owner’s Standard Agreement and all of its attachments, riders and exhibits. Respondent must clearly communicate in writing all terms and conditions

of Owner's Standard Agreement (including all attachments, riders and exhibits) that Respondent will require to be changed before Respondent will sign the Agreement.

- 1.3.3 Each Respondent selected to participate in the second step must provide written attestation of its willingness to accept Owner's Standard Agreement in its entirety without change or modification or if Respondent will require changes, Respondent must provide all actual draft language it proposes for each change requested. In addition to proposed edits, Respondent must provide a reasonable and articulable explanation as to why Respondent requests each change. Redlining Owner's Agreement or providing a statement with the intent or an implication that the agreement will require further discussion or negotiation will not be considered sufficient as a reasonable request for change and will negatively impact Respondents overall ranking.

- 1.4 **CLARIFICATIONS AND INTERPRETATIONS:** Any clarifications or interpretations of this RFQ that materially affect or change its requirements will be posted by Owner as an addendum on the MD Anderson web site (<http://www.mdanderson.org/departments/bids>). It is the responsibility of all respondents to obtain this information in a timely manner. All such addenda issued by Owner before the Qualifications are due as part of the RFQ, and respondents shall acknowledge receipt of and incorporate each addendum in its Qualifications.

- 1.4.1 Respondents shall consider only those clarifications and interpretations that Owner issues by addenda three (3) days prior to the Submittal Deadline. Interpretations or clarifications in any other form, including oral statements, will not be binding on Owner and should not be relied on in preparing Qualifications.

1.5 **SUBMISSION OF QUALIFICATIONS:**

- 1.7 EVALUATION OF QUALIFICATIONS: The evaluation of the Qualifications shall be based on the requirements described in this RFQ. All properly submitted Qualifications will be reviewed, evaluated, and ranked by Owner. The top five or fewer ranked respondents may be selected by Owner to participate in step two of the selection process.
- 1.7.1 Qualifications shall not include any information regarding respondent's fees, pricing, or other compensation. Such information will be solicited from firms qualified by Owner to participate in step two of the selection process.
- 1.8 OWNER'S RESERVATION OF RIGHTS: Owner may evaluate the Qualifications based on the anticipated completion of all or any portion of the Project. Owner reserves the right to divide the Project into multiple parts, to reject any and all Qualifications and re-solicit for new Qualifications, or to reject any and all proposals and temporarily or permanently abandon the Project. Owner makes no representations, written or oral, that it will enter into any form of agreement with any respondent to this RFQ for any project and no such representation is intended or should be construed by the issuance of this RFQ.
- 1.8.1 Respondent understands and agrees that this RFQ and any subsequent Agreement ensuing from this solicitation is contingent upon approval by Owner, The University of Texas Board of Regents, and the Texas Higher Education Coordinating Board. If any such approvals are not obtained, Respondent understands and agrees that this RFQ and any subsequent Agreement ensuing from this solicitation will be null, void, and of no effect.

- 1.9 ACCEPTANCE OF EVALUATION METHODOLOGY: By submitting its Qualifications in response to this RFQ, respondent accepts the evaluation process and acknowledges and accepts that determination of the “most qualified” firm(s) will require subjective judgments by Owner.
- 1.10 NO REIMBURSEMENT FOR COSTS: Respondent acknowledges and accepts that any costs incurred from Respondent’s participation in this solicitation process shall be at the sole risk and responsibility of Respondent. Respondent submits its Qualifications and Proposal at its own risk and expense.
- 1.11 PRE-SUBMITTAL CONFERENCE: A pre-submittal conference will be held at the time and location described below.

Wednesday, October 23, 2019, 10:00 AM

The University of Texas MD Anderson Cancer Center
South Campus Research Building 2 (SCRB 2)
7435 Fannin Street, Houston, TX 77354
Conference Rooms 1 & 2

Parking is available on the side of the building. Check in with the receptionist, and the conference room is directly behind the receptionist’s desk.

- 1.11.1 A guided tour of the project site **will not** be included as a part of the conference agenda. Attendance at the pre-submittal conference is optional.
- 1.12 ELIGIBLE RESPONDENTS: Only individual firms or lawfully formed business organizations may apply. (This does not preclude a respondent from using consultants.) Owner will contract only with the individual firm or formal organization that submits Qualifications.
- 1.13 HISTORICALLY UNDERUTILIZED BUSINESSES SUBMITTAL REQUIREMENTS: It is the policy of The University of Texas System, and each of its component institutions, to promote and encourage contracting and subcontracting opportunities for Historically Underutilized Businesses (HUB) in all contracts. Accordingly, Owner has adopted its Policy on Utilization of Historically Underutilized Businesses, a copy of which is attached hereto. The Policy applies to all contracts with an expected value of \$100,000 or more. If Owner determines that subcontracting opportunities are probable, then a Letter of HUB Commitment is a required element of the Qualifications and a HUB Subcontracting Plan (HSP) for Preconstruction Services will be a required element of the Proposal. Failure to submit a required Letter of HUB Commitment will result in rejection of the Qualifications. Failure to submit the required HSP for Preconstruction Services will result in rejection of the Proposal.
- 1.13.1 STATEMENT OF PROBABILITY: Owner has determined that subcontracting opportunities are probable in connection with this procurement solicitation. Therefore, a Letter of HUB Commitment is required as a part of Respondent's Qualifications. In the event Respondent is required to submit a Proposal in step two of this solicitation process, Respondent will be required to submit an HSP for Preconstruction Services as part of Respondent’s Proposal.
- 1.13.2 The HUB Subcontracting goal for this project is **TWENTY ONE POINT ONE PERCENT (21.1%)** percent. Respondents are expected to make a good faith effort to meet this goal.

- 1.13.3 The Letter of HUB Commitment must be submitted at the same time as the sealed Qualifications. The envelope containing the Letter of HUB Commitment must be in a separate attachment apart from the Qualifications. The envelope must be sealed, must be clearly labeled "Letter of HUB Commitment", and must be clearly marked with Owner's project name, Owner's project number and the correct RFQ number.
- 1.14 SALES AND USE TAXES: Texas Tax Code Section 151.311 provides that certain tangible personal property incorporated into realty or consumed at the jobsite in the performance of a contract for an improvement to realty for certain exempt entities, including The University of Texas System and its component institutions, are exempt from state sales tax. Section 151.311 also provides that certain otherwise taxable services performed at the jobsite are exempt from taxes on University of Texas System projects. It is the responsibility of Respondent to incorporate allowable tax savings into its Proposal.
- 1.15 CERTIFICATION OF FRANCHISE TAX STATUS: Respondents are advised that the successful respondent will be required to submit certification of franchise tax status as required by State Law (H.B. 175, Acts 70th Leg. R.S., 1987, Ch. 283, p. 3242). Respondent agrees that each subcontractor and supplier placed under contract for the Project will also provide a certification of franchise tax status.
- 1.16 REQUIRED NOTICES OF WORKERS' COMPENSATION INSURANCE COVERAGE: The Texas Workers' Compensation Commission has adopted a new rule, 28 TAC, sec. 110.110, relating to REPORTING REQUIREMENTS FOR BUILDING OR CONSTRUCTION PROJECTS FOR GOVERNMENTAL ENTITIES. The rule applies to all building or construction contracts advertised for bid on or after September 1, 1994. The rule implements sec. 406.096, Texas Labor Code, which requires workers' compensation insurance coverage for all persons providing services on a building or construction project for a governmental entity. The requirements of the rule are set forth in the Uniform General Conditions for University of Texas System Building Construction Contracts ("UTUGCs"), which are included as an Exhibit to Owner's Standard Agreement attached hereto.
- 1.17 PREVAILING WAGE RATE DETERMINATION: Respondents are advised that the Texas Prevailing Wage Law will be administered in accordance with the policies and procedures set forth in the U. T. System document, entitled "Prevailing Wage Guidelines" that are set forth in Owner's Special Conditions, which are included as an Exhibit to Owner's Standard Agreement attached hereto. The penalty for violation of prevailing wage rates has been increased from \$10.00 per underpaid worker per day or portion thereof to \$60.00 per underpaid worker per day or portion thereof.
- 1.18 DELINQUENCY IN PAYING CHILD SUPPORT: Under Section 231.006, Family Code, the vendor or applicant certifies that the individual or business entity named as Respondent to this solicitation is not ineligible to receive the specified grant, loan, or payment and acknowledges that any contract that may be executed as a result of this solicitation shall be void and may be terminated and any payment that may become due Respondent prior to termination of any such contract may be withheld if this certification is inaccurate.
- 1.19 ETHICS MATTERS: Respondent and its employees, agents, representatives and subcontractors must read and understand Owner's Conflicts of Interest Policy available at <http://www.mdanderson.org/about-us/compliance-program/conflict-of-interest-policy-no.-adm0255.pdf>, Owner's Standards of Conduct Guide available at <http://www.mdanderson.org/about-us/compliance-program/do-the-right-thing.pdf>, and applicable state ethics laws and rules available at www.utsystem.edu/ogc/ethics. Neither Respondent nor its

employees, agents, representatives or subcontractors will assist or cause Owner employees to violate Owner's Conflicts of Interest Policy, provisions described by Owner's Standards of Conduct Guide, or applicable state ethics laws or rules. Respondent certifies that no member of the Board has a direct or indirect financial interest in the transaction that is the subject of this RFQ.

- 1.20 GROUP PURCHASE AUTHORITY: Texas law authorizes institutions of higher education (defined by section 61.003, *Education Code*) to use group purchasing procurement methods (ref. Sections 51.9335, 73.115, and 74.008, *Education Code*). Additional Texas institutions of higher education may therefore elect to enter into a contract with the successful Respondent.
- 1.21 COMPLIANCE WITH LAW: Respondent is aware of, is fully informed about, and in full compliance with its obligations under existing applicable law and regulations, including Title VI of the Civil Rights Act of 1964, as amended (42 USC 2000(D)), Executive Order 11246, as amended (41 CFR60-1 and 60-2), Vietnam Era Veterans Readjustment Act of 1974, as amended (41 CFR60-250), Rehabilitation Act of 1973, as amended (41 CFR 60-741), Age Discrimination Act of 1975 (42 USC 6101 et seq.), Non-segregated Facilities (41 CFR 60-1), Omnibus Budget Reconciliation Provision, Section 952, Fair Labor Standards Act of 1938, Sections 6, 7, and 12, as amended, Immigration Reform and Control Act of 1986, and Utilization of Small Business Concerns and Small Business Concerns Owned and Controlled by Socially and Economically Disadvantaged Individuals (PL 96-507), the Americans with Disabilities Act of 1990 (42 USC 12101 et seq.), the Civil Rights Act of 1991, University of Texas System Administration Policy UTS165, and all laws and regulations and executive orders as are applicable.

The form will be required to be submitted to Owner prior to the countersigning of the final agreement and is not required to be submitted in response to this RFQ.
- 1.23 STATE REGISTRATION OF ARCHITECTURE FIRMS: Respondents are advised that the Texas Board of Architectural Examiners requires that any firm or business entity providing architectural services to the public, other than a sole proprietor doing business under his/her name, must annually register information regarding the firm or business entity with the Texas Board of Architectural Examiners. The Texas Board of Architectural Examiners, 333 Guadalupe Street, Suite 2-350, Austin, Texas 78701, telephone (512) 305-9000, has jurisdiction over individuals licensed under the Architects' Registration Law, Chapter 1051, Texas Occupations Code.

SECTION 2 – EXECUTIVE SUMMARY

2.1 HISTORICAL BACKGROUND:

The University of Texas MD Anderson Cancer Center is one of the world's most respected centers devoted exclusively to cancer patient care, research, education and prevention.

Created in 1941 as part of The University of Texas System, the institution is one of the nation's original three comprehensive cancer centers designated by the National Cancer Act of 1971. Today, it's one of 68 National Cancer Institute-designated comprehensive cancer centers. U.S. News & World Report's "Best Hospitals" survey has ranked MD Anderson as one of the nation's top two cancer centers every year since the survey began in 1990.

Since 1944, more than 940,000 patients have turned to MD Anderson for cancer care. The multidisciplinary approach to treating cancer was pioneered at the institution. This approach brings together teams of experts across disciplines to collaborate on the best treatment plan for patients. And because MD Anderson's experts focus solely on cancer, they're renowned for treating all types, from common to rare and uncommon diseases.

In Fiscal Year 2013, MD Anderson's 20,000 cancer fighters provided care to more than 120,000 patients. Of these, nearly one-third were new and one-third came from outside Texas, seeking the knowledge-based care that has made the institution so widely respected. In addition, about 7,600 patients participated in clinical trials at MD Anderson designed to identify innovative cancer treatments. The institution's clinical trial program is the largest in the nation.

MD Anderson also ranks first in total amount of grant dollars received from the National Cancer Institute, which helps scientists rapidly translate important knowledge gained in the laboratory to a clinical care setting. In FY13, MD Anderson invested more than \$670 million in research, an increase of 31% over the past five years.

The unprecedented Moon Shots Program launched in 2012 to dramatically accelerate the pace of converting scientific discoveries into clinical advances that significantly reduce cancer deaths. The program brings together large teams of researchers and clinicians to mount comprehensive attacks on eight cancers initially. They work as part of six moon shot teams: acute myeloid leukemia and myelodysplastic syndrome, chronic lymphocytic leukemia, melanoma, lung cancer, prostate cancer, and triple-negative breast and high-grade serous ovarian cancers, which are linked at the molecular level. So far, the program has received more than \$163 million in private philanthropic commitments. The goal is for *all* cancers to one day become moon shots.

With employees working in more than 50 buildings in the greater Houston area and in central Texas, MD Anderson is the largest freestanding cancer center in the world. Its facilities in the Texas Medical Center — the largest medical center in the world — cover more than 14 million square feet and feature the latest equipment and facilities to support growing needs in outpatient and inpatient care, research, prevention and education. Inpatient hospital facilities at MD Anderson house over 600 beds.

MD Anderson has Houston-area locations in the Texas Medical Center, League City, West Houston, Sugar Land, The Woodlands, Bellaire (diagnostic imaging) and Memorial City (surgery). MD Anderson physicians also provide cancer care to the underserved at Lyndon B. Johnson General Hospital in Houston. In addition, there are two research campuses in Bastrop County, Texas.

The institution's MD Anderson Cancer Network® also has developed a network of national and international locations:

The mission of The University of Texas MD Anderson Cancer Center is to eliminate cancer in Texas, the nation, and the world through outstanding programs that integrate patient care, research and prevention, and through education for undergraduate and graduate students, trainees, professionals, employees and the public.

Vision. We shall be the premier cancer center in the world, based on the excellence of our people, our research-driven patient care and our science. We are Making Cancer History.

Core Values.

- Caring: By our words and actions, we create a caring environment for everyone.
- Integrity: We work together to merit the trust of our colleagues and those we serve.
- Discovery: We embrace creativity and seek new knowledge.

2.3 PROJECT DESCRIPTION, SCOPE AND BUDGET:

Owner seeks design-build services for its Pressler Street Garage 2 project. The project scope will include site development, which includes utility infrastructure work, construction of the exterior shell and core, and the limited interior finish-out of the facility. The goal is to construct a new garage facility to help meet the institution's parking facility needs. This facility is anticipated to be a free-standing, 1,200-car (minimum) parking garage of approximately 570,000 gross square feet (GSF), to be located on Pressler Street along Fannin Street, and adjacent to the Dan L.

Duncan Building. This facility primarily will serve the needs of workforce members who currently park in the garage adjacent to Mid Campus Building 1 but who do not work in that facility. The project has a Design-Build Budget Limitation (DBBL) of **TWENTY ONE MILLION, FIVE HUNDRED THOUSAND DOLLARS AND NO/100 (\$21,500,000.00)**.

2.4 PRE-DESIGN PHASE DOCUMENTATION:

Owner intends to have the successful respondent develop, and verify a Facility Program as a part of Pre-Construction Services, prior to the start of Schematic Design. Owner's requirements for developing a Facility Program are included in the Design Criteria Package that is included as an Attachment hereto.

2.5 PROJECT PLANNING SCHEDULE: Key Project planning schedule milestones, subject to change at Owner's sole discretion, are:
