POLICY ON UTILIZATION OF HISTORICALLY UNDERUTILIZED BUSINESSES (HUBs)

Introduction

In accordance with the Texas Government Code, Sections 2161.181-182 and Title 34, Section 20.284 of the Texas Administrative Code (TAC), The Board of Regents of the University of Texas System, acting through The University of Texas MD Anderson Cancer Center's HUB and Federal Small Business Program, shall make a good faith effort to utilize Historically Underutilized Businesses (HUBs) in contracts for construction services, including professional and consulting services; and commodities contracts. The HUB Rules promulgated by the Texas Comptroller of Public Accounts (the "Texas Comptroller"), set forth in 34 TAC Sections 20.281-20.298, encourage the use of HUBs by implementing these policies through race-, ethnic- and gender-neutral means.

The purpose of the HUB Program is to promote full and equal business opportunities for all businesses in State contracting in accordance with the following goals as specified in the State of Texas Disparity Study:

- **11.2% for heavy construction other than building contracts;**
- **21.1% for all building construction, including general contractors and operative builders contracts;**
- **32.9% for all special trade construction contracts;**
- **23.7% for professional services contracts**
- **26% for all other services contracts, and**
- **21.1% for commodities contracts.**

The University of Texas MD Anderson Cancer Center (MD Anderson) shall make a good faith effort to meet or exceed these goals to assist HUBs in receiving a portion of the total contract value of all contracts that MD Anderson expects to award in a fiscal year. MD Anderson may achieve the annual program goals by contracting directly with HUBs or indirectly through subcontracting opportunities in accordance with the Texas Government Code, Chapter 2161, Subchapter F.

SUMMARY OF REQUIREMENTS
Historically Underutilized Business (HUBs) Subcontracting Plan

It is the policy of The University of Texas System and each of its component institutions, to promote and encourage contracting and subcontracting opportunities for Historically Underutilized Businesses (HUBs) in all contracts. Accordingly, The University of Texas MD Anderson Cancer Center has adopted “**RIDER 104-A, Policy on Utilization of Historically Underutilized Businesses**”. The Policy applies to all contracts with an expected value of \$100,000 or more. The University of Texas MD Anderson Cancer Center is the contracting authority.

1. In all contracts for professional services, contracting services, and/or commodities with an expected value of \$100,000 or more, The University of Texas MD Anderson Cancer Center (“MD Anderson” or “University”) will indicate in the purchase solicitation (e.g. RFQ, RFP, or CSP) whether or not MD Anderson has determined that subcontracting opportunities are probable in connection with the contract. A HUB Subcontracting Plan is a required element of the architect, contractor or vendor Response to the purchase solicitation. The HUB Subcontracting Plan shall be developed and administered in accordance with the Policy.
Failure to submit a required HUB Subcontracting Plan will result in rejection of the Response.
2. If subcontracting opportunities are probable, MD Anderson will declare such probability in its invitations for bids, requests for proposals, or other purchase solicitation documents, and shall require submission of the appropriate HUB Subcontracting Plan with the Response.
 - a. When subcontracting opportunities are probable, and the Respondent proposes to subcontract any part of the work, the Respondent shall submit a **HUB Subcontracting Plan as prescribed by the Texas Comptroller identifying subcontractors [34 TAC §20.285(d)(1)(A)(B)(C)(D) (i)(ii)(iii)(2)(3)(A)(B)(C)(D)(E)(F)(4)(A)(B)].**
 - b. When subcontracting opportunities are probable, but the Respondent can perform such opportunities with its employees and resources, the Respondent’s HUB Subcontracting Plan shall include **the Self Performance HUB Subcontracting Plan, Section 3 – Self Performance Justification as the HUB Subcontracting Plan (HSP). [34 TAC §20.85 (d)(5)(A)(B)(C)(D)].**
3. If subcontracting opportunities are not probable, MD Anderson will declare such probability in its invitations for bids, requests for proposals, or other purchase solicitation documents and shall require submission of the appropriate HUB Subcontracting Plan with the Response.
 - a. When subcontracting opportunities are not probable, and the Respondent proposes to perform all of the work with its employees and resources, the Respondent shall submit a HUB Subcontracting Plan that includes **the Self Performance HUB Subcontracting Plan, Section 3 – Self Performance Justification as the HUB Subcontracting Plan (HSP).**
 - b. When subcontracting opportunities are not probable, but the Respondent proposes to subcontract any part of the work, the Respondent shall submit a **HUB Subcontracting Plan as prescribed by the Texas Comptroller identifying subcontractors.**
4. Respondents shall follow, but are not limited to, procedures listed in the Policy when developing a HUB Subcontracting Plan.
5. In making a determination whether a good faith effort has been made in the development of the required HUB Subcontracting Plan, MD Anderson shall follow the procedures listed in the Policy. If accepted by the University, the HUB Subcontracting Plan shall become a provision of the Respondent's contract with MD Anderson. **Revisions necessary to clarify and enhance information submitted in the original HUB subcontracting plan may be made in an effort to determine good faith effort.** Any revisions after the submission of the HUB Subcontracting Plan shall be approved by the HUB Coordinator.
6. The University of Texas MD Anderson Cancer Center shall reject any Response that does not include a fully completed HUB Subcontracting Plan, as required. **An incomplete HUB Subcontracting Plan is considered a material failure to comply with the solicitation for proposals.**

7. Changes to the HUB Subcontracting Plan. Once a Respondent's HUB Subcontracting Plan is accepted by MD Anderson and becomes a provision of the contract between Respondent and MD Anderson, the Respondent can only change that HUB Subcontracting Plan if (a) the Respondent complies with 34 TAC Section 20.285; (b) the Respondent provides its proposed changes to MD Anderson for review; (c) MD Anderson (including MD Anderson's HUB Coordinator) approves Respondent's proposed changes to its HUB Subcontracting Plan; and (d) MD Anderson and the Respondent amend their contract (via a writing signed by authorized officials of both parties) in order to replace the contract's existing HUB Subcontracting Plan with a revised HUB Subcontracting Plan containing the changes approved by MD Anderson.
8. Expansion of Work. If, after entering into a contract with a Respondent as a result of a purchase solicitation subject to the Policy, MD Anderson wishes to expand the scope of work that the Respondent will perform under that contract through a change order or any other contract amendment (the "Additional Work"), MD Anderson will determine if the Additional Work contains probable subcontracting opportunities not identified in the initial purchase solicitation for that contract. If MD Anderson determines that probable subcontracting opportunities exist for the Additional Work, then the Respondent must submit to MD Anderson an amended HUB Subcontracting Plan covering those opportunities that complies with the provisions of 34 TAC Section 20.285. Such an amended HUB Subcontracting Plan must be approved by MD Anderson (including MD Anderson's HUB Coordinator) before (a) the contract may be amended by MD Anderson and the Respondent to include the Additional Work and the amended HUB Subcontracting Plan and (b) the Respondent performs the Additional Work. If a Respondent subcontracts any of the additional subcontracting opportunities identified by MD Anderson for any Additional Work (i) without complying with 34 TAC Section 20.285 or (ii) before MD Anderson and that Respondent amend their contract to include a revised HUB Subcontracting Plan that authorizes such subcontracting, then the Respondent will be deemed to be in breach of its contract with MD Anderson. As a result of such breach, MD Anderson will be entitled to terminate its contract with the Respondent, and the Respondent will be subject to any remedial actions provided by Texas law, including those set forth in Chapter 2161, Texas Government Code, and 34 TAC Section 20.285. University may report a Respondent's nonperformance under a contract between that Respondent and MD Anderson to the Texas Comptroller in accordance with 34 TAC Sections 20.101 through 20.108.
9. A Response may state that the Respondent intends to perform all the subcontracting opportunities with its own employees and resources in accordance with the Policy. However, if such a Respondent enters into a contract with MD Anderson as a result of such a Response but later desires to subcontract any part of the work set forth in that contract, before the Respondent subcontracts such work it must first change its HUB Subcontracting Plan in accordance with the provisions of Section 7 above .
10. MD Anderson shall require a vendor to whom a contract has been awarded to report the identity and the amount paid to its subcontractors on a monthly basis using **a HUB Subcontracting Plan (HSP) Prime Contractor Progress Assessment Report (PAR)** as a condition for payment.
11. If the University determines that the successful Respondent failed to implement an approved HUB Subcontracting Plan in good faith, the University, in addition to any other remedies, may report nonperformance to the Texas Comptroller in accordance with 34 TAC, Section 20.285, (g)(1) related remedies of nonperformance to professional services firms, contractor, and vender implementation of the HUB Subcontracting Plan.
12. In the event of any conflict between this "Summary of Requirements" and the remainder of the HUB Policy, the remainder of the HUB Policy will control.
13. These requirements, including the attachments referred to above, may be downloaded over the Internet at <http://www.mdanderson.org/bids>. For additional information contact the MD Anderson HUB and Federal Small Business Program at 713-745-8300.

Re: Historically Underutilized Business Plan for _____ (related services)

Dear Mrs. Nimon,

In accordance with the requirements outlined in the specification section "HUB Participation Program," I am pleased to forward this HUB Subcontracting Plan (HSP) as an integral part of our response in connection with your invitation for Request for Proposals referencing the above project.

I have read and understand The University of Texas System Policy on Utilization of Historically Underutilized Businesses (HUBs). I also understand the State of Texas Annual Procurement Goal according to 34 Texas Administrative Code Section 20.13, and the goal as stated in the Agency Special Instructions section of the HUB Subcontracting Plan, page 9.

This HSP includes Subcontracting Opportunities

Non-HUB					
TOTAL					

I understand the above HUB percentages must represent Texas Comptroller HUB certification standards. For each of the listed HUB firms, I have attached a Texas Comptroller certification document, or, if the HUB is certified by another Texas Comptroller approved certifying agency, a copy of their approved certification document.

Should we discover additional subcontractors claiming Historically Underutilized Business status during the course of this contract we will notify you of the same. In addition, if for some reason a HUB is unable to fulfill its contract with us, we will notify you immediately in order to take the appropriate steps to amend this contractual obligation.

Sincerely,

HUB SUBCONTRACTING PLAN (HSP)

In accordance with Texas Gov't Code §2161.252, the contracting agency has determined that subcontracting opportunities are probable under this contract. Therefore, all respondents, including State of Texas certified Historically Underutilized Businesses (HUBs) must complete and submit this State of Texas HUB Subcontracting Plan (HSP) with their response to the bid requisition (solicitation).

NOTE: Responses that do not include a completed HSP shall be rejected pursuant to Texas Gov't Code §2161.252(b).

The HUB Program promotes equal business opportunities for economically disadvantaged persons to contract with the State of Texas in accordance with the goals specified in the 2009 State of Texas Disparity Study. The statewide HUB goals defined in 34 Texas Administrative Code (TAC) §20.284 are:

- **21.1 percent for all building construction, including general contractors and operative builders contracts,**
- **32.9 percent for all special trade construction contracts,**
- **23.7 percent for professional services contracts,**
- **26.0 percent for all other services contracts, and**
- **21.1 percent for commodities contracts.**

-- Agency Special Instructions/Additional Requirements --

*In accordance with 34 TAC §20.285(d)(1)(D)(iii), a respondent (prime contractor) may demonstrate good faith effort to utilize Texas certified HUBs for its subcontracting opportunities if the total value of the respondent's subcontracts with Texas certified HUBs meets or exceeds the statewide HUB goal or the agency specific HUB goal, whichever is higher. When a respondent uses this method to demonstrate good faith effort, the respondent must identify the HUBs with which it will subcontract. If using existing contracts with Texas certified HUBs to satisfy this requirement, only the aggregate percentage of the contracts expected to be subcontracted to HUBs with which the respondent **does not** have a **continuous contract*** in place for **more than five (5) years** shall qualify for meeting the HUB goal. This limitation is designed to encourage vendor rotation as recommended by the 2009 Texas Disparity Study.*

HUB Goal – 23.7%

- Responses for other services and commodities that contain subcontracting opportunities **shall** include a HUB Subcontracting Plan (HSP) that meets the Good Faith Effort prescribed in Method A or Method B of the attachments.
- Responses for Miscellaneous Service Agreements for indefinite duration/indefinite quantity (IDIQ) – Two (2) part process:
 1. Submit a Letter of HUB Commitment (page 8).
 2. Submit a HSP or revised HSP as appropriate, prior to execution of each contract process.
- **Respondents shall submit a completed HUB Subcontracting Plan (HSP) to be considered responsive.** Failure to submit a completed HSP shall result in the bid, proposal or other expression of interest will be deemed as NON-responsive. Respondents who intend to Self-Perform all of their work shall submit an HSP for Self-Performance HUB Subcontracting Plan (HSP).
- Prime Contractor Progress Assessment Report (PAR) will be required monthly if subcontracting.
- **Please note that phone logs are no longer acceptable documentation of good faith effort. Only fax, e-mail and written correspondence are acceptable.**
- ***Continuous Contract:** Any existing written agreement (including any renewals that are exercised) between a prime contractor and a HUB vendor, where the HUB vendor provides the prime contractor with goods or service under the same contract for a specified period of time. The frequency the HUB vendor is utilized or paid during the term of the contract is not relevant to whether the contract is considered continuous. Two or more contracts that run concurrently or overlap one another for different periods of time are considered by CPA to be individual contracts rather than renewals or extensions to the original contract. In such situations the prime contractor and HUB vendor are entering (have entered) into 'new' contracts.

SECTION B-3 NOTIFICATION OF SUBCONTRACTING OPPORTUNITY

When completing this section you MUST comply with items a, b, c and d, thereby demonstrating your Good Faith Effort of having notified Texas certified HUBs and trade organizations or development centers about the subcontracting opportunity you listed in SECTION B-1. Your notice should include the scope of work, information regarding the location to review plans and specifications, bonding and insurance requirements, required qualifications, and identify a contact person.

When sending notice of your subcontracting opportunity, you are encouraged to use the attached HUB Subcontracting Opportunity Notice form, which is also available online at <https://www.comptroller.texas.gov/purchasing/docs/hub-forms/HUBSubcontractingOpportunityNotificationForm.pdf>

Retain supporting documentation (i.e., certified letter, fax, e-mail) demonstrating evidence of your good faith effort to notify the Texas certified HUBs and trade organizations or development centers. Be mindful that a working day is considered a normal business day of the state agency, not including weekends, federal or state holidays, or days the agency is declared closed by its executive order. The initial day the subcontracting opportunity notice is sent/provided to the HUBs and to the trade organizations or development centers is considered to be "day zero" and does not count as one of the seven (7) working days.

- a. Provide written notification of the subcontracting opportunity you listed in SECTION B-1, to three (3) or more Texas certified HUBs. Unless the contracting agency specified a different time period, you must allow the HUBs at least seven (7) working days to respond to the notice prior to your submitting your bid response to the contracting agency. When searching for Texas certified HUBs, ensure that you use the State of Texas' Centralized Master Bidders List (CMBL) and Historically Underutilized Business (HUB) Search directory located at <http://mycpa.cpa.state.tx.us/tpasscblsearch/index.jsp>. HUB Status code "**A**" signifies that the company is a Texas certified HUB.
- b. List the three (3) Texas certified HUBs you notified regarding the subcontracting opportunity you listed in SECTION B-1. Include the company's Vendor ID (VID) number, the date you sent notice to that company, and indicate whether it was responsive or non-responsive to your subcontracting opportunity notice.
